
Your Wedding with Imagine

Wedding & Party Entertainment

Welcome

It's your big day. You've probably been planning it for months or even years.

Everything HAS to be right, and that includes the entertainment!

As a professional and experienced Wedding DJ and Master of Ceremonies, I can help you to achieve exactly the type of wedding entertainment you desire!

Whether that's just for the floor filling evening party, or for the soundtrack to the ceremony itself and everything in between, I can help to make your day memorable for all the right reasons.

Your wedding, your way!

It's an overused phrase, but it describes my way of working in a nutshell!

Your day should be just the way you want it to be, and the entertainment plays a very large part of that.

From the style of setup to the choices of music played on the night, you have full say from start to finish on the type of entertainment provided as the soundtrack to the biggest day of your lives.

I also provide online planning tools so that you can plan every aspect of your day as part of every package.

My Services

I pride myself in being one of the few who are able to provide a full service for all aspects of your big day!

- **Your ceremony:** including the music as you walk up and down the aisle, discrete microphones and where necessary, completely battery powered PA systems so that every aspect of the most important part of your day can be heard by all of your guests.
- **Your afternoon reception:** including background music of your choice, tabletop fun where required, those all important introductions, high quality wireless microphones for the speeches and much, much more!
- **The floor filling evening party.** From your first dance as newlyweds to the last dance of the night, I'll ensure I'm playing the music you and your guests want to hear and more importantly, dance to!

Your Ceremony

It's the most important part of the day and the reason your closest friends and family have joined you to celebrate.

I'm able to provide the soundtrack to the most special part of the day, whether the ceremony is indoors or outside.

From the prelude as your guests arrive and take their seats, to the processional, signing of the register and recessional as you leave as newlyweds, I'm able to provide the music of your choice (registrar approval permitting) to enhance your ceremony.

If you wish, I can also provide Lavalier microphones so that your vows can be heard by everyone in attendance.

And don't worry - the equipment won't be visible in those all important photographs. I work hard to keep things as discreet as possible and even work with your official photographer to make sure they're happy with where things are placed.

And how about something for later on in the day...a recording of your vows dubbed over an appropriate place within your first dance track (it stirs a lot of emotions!). Subject to your registrar or humanist celebrant being happy with me making the recording, I'll happily do this for you.

An Afternoon of Fun?

From the moment you're introduced into your reception venue as a newly married couple to cheering and clapping, your guests will know that yours is a wedding reception like no other!

Whilst I'm more than happy to play background music for the duration of the wedding breakfast, I'm also able if you wish, to make the afternoon a little more fun.

With table top fun such as "Pearls of Wisdom" and "Wedding Speech Bingo", interactive singing challenges between tables and even the "Newlyweds game" if you so wish, your guests will feel involved in the afternoon from the moment they take their seats!

And how about a bouquet toss which doesn't involve throwing your expensive floral arrangement across the room? I can organise a Prosecco toss for the ladies and a whiskey toss for the gents (and don't worry, it's the boxes....NOT the contents that are thrown!)

And trust me, it's not done in a cheesy way. Everything I do is done in a professional and confident manner to give

The Floor Filling Evening Party

After a long and often emotional day, it's time to let your hair down and enjoy an evening of dancing to the music you and your guests want to hear!

Using state of the art professional grade equipment, I'll provide a party that's not too bright, not too dim, and not so loud that it'll pin your guests to the back wall of your venue (unless of course, that's what you want to happen!).

With my online planning tools, you're able to request your favourite tracks before the night, allow your guests access via a special web address to choose some for themselves (don't worry - you can edit those using your portal), and sometimes just as importantly tell me about music you'd rather NOT hear on the night.

I'm also more than happy to take guest requests on the night if you're happy for me to do so. After all, if they've asked for it they're more likely to be up and dancing to it from experience!

From your first dance to the last dance of the evening, your guests will remember your evening reception for a very long time to come!

The Setups

I'm able to tailor the look and feel of the disco setup to suit your venue decor and theme, and it's something I take a lot of pride in!

Whether your wedding is in a marquee, stately home or village hall, whether you have a particular theme such as rustic, retro or modern, I'm able to provide a setup which will suit YOUR wedding!

No two setups are the same, and I'm able to tailor both the size of the sound system and the amount of lighting to suit your exact requirements.

You may want the full-on flashing mobile nightclub, or you may want something a little more subtle. You may want a huge setup spanning several linear feet of floorspace, or space may be at a premium and something with a smaller footprint would be more suitable.

Whatever your needs, I'm confident I'll be able to provide a setup to suit your needs. Just ask!

Kind Words

The best people to tell you what I do are my previous couples!

Here are just a few kind words from some recent newlyweds.

"I really wanted to avoid the cliched "cheesy wedding DJ" for our wedding and we chose absolutely the right guy. "

Tess & Drew - Suffolk

"Before Wayne arrived, our reception was fairly calm and quiet affair, and we started to worry that people wouldn't be dancing. By the end, after Wayne had done his thing, it was a full on party! "

Kat & James - Bedfordshire

"What a fantastic evening of dancing we had at our wedding"

Sarah & Nigel - Norfolk

"My daughter's wedding was the best wedding I have ever been to!"

Hope - Cambridgeshire

"Can't thank Wayne enough for helping to make our wedding day so special! "

Amy & Dan - Cambridgeshire

"Wayne is AMAZING! We could not have found a better DJ! "

Sarah & Bryan - Cambridgeshire

"So helpful for the whole experience. Would highly recommend. Couldn't ask for more. Wayne was a superstar for our special day"

Cara & Joe - Ely

"On the night, Wayne was outstanding. He played our songs in the perfect sequence and the dance floor was absolutely wild!"

Jade & Tom - Oakham
